

NARROW AISLE PALLET RACKING

The all-in-one: Palletised storage-Order picking-Less floor space for storage

Conventional Pallet Racking for VNA or Articulated trucks are high rise storage systems with low aisle requirements, thus making it a high density storage

'Jay' Narrow Aisle Pallet Racking

Applications

Pallet storing suitable for medium to high-volume products with medium to High loads is possible.

- Manufacturing Areas
- Stores & Warehouses
- Finished Goods area
- Raw material & WIP Area

Advantages

- ➔ Solid & Robust Construction
- ➔ Good usage of the available space & building height
- ➔ Ideal for large article numbers & medium to high turnover
- ➔ No relocation of the goods for order picking
- ➔ Very safe operation, because there are no pedestrians in the aisles.
